

Built to support farm legacies and consumer demand.

## Southeast Programs

### Climate Smart Commodities Payment

PRACTICE	COMPENSATION	REQUIREMENTS
Cover Crop - New in 2023	\$25/acre	Must provide FSA documents and FSA subsidiary print and will be shared with NRCS/USDA. Cannot be paid for cover crop on the same acres by federally funded programs like EQIP/CSP/RCP. Has to be new practice or expanded practice. Must have cotton, peanuts, or soybeans in rotation.
Cover Crop - New in 2018 to 2022	\$15/acre	Must provide FSA documents and FSA subsidiary print and will be shared with NRCS/USDA. Cannot be paid for cover crop on the same acres by federally funded programs like EQIP/CSP/RCP. Acres could not have cover crop prior to 2018. Must have cotton, peanuts, or soybeans in rotation. If you have planted cover crops for more than 5 years you may qualify for \$10/acre.

### Standard Practice Payment

PRACTICE	COMPENSATION	REQUIREMENTS
Plant a cover crop in 2023	\$10/acre	Plant a cover crop no later than NRCS accepted date. Previous cover crop practice allowed on field. Can be in other federally funded program. Must have peanuts, cotton, or soybeans in rotation.

### Requirements for all:

- 1 Must not be part of any private regenerative ag or carbon program on acreage signed up
- 2 Completion of enrollment survey/agreement (5-10 min)
- 3 Completion of data collection with FBN and closing survey (15-45 min)
- 4 A small subset of farmers will be randomly selected and compensated \$1,000 for onsite verification of practices

### Important Dates:

**Enrollment Deadline for Planned Practices:** November 17, 2023

**Data Collection Deadline:** December 1, 2023

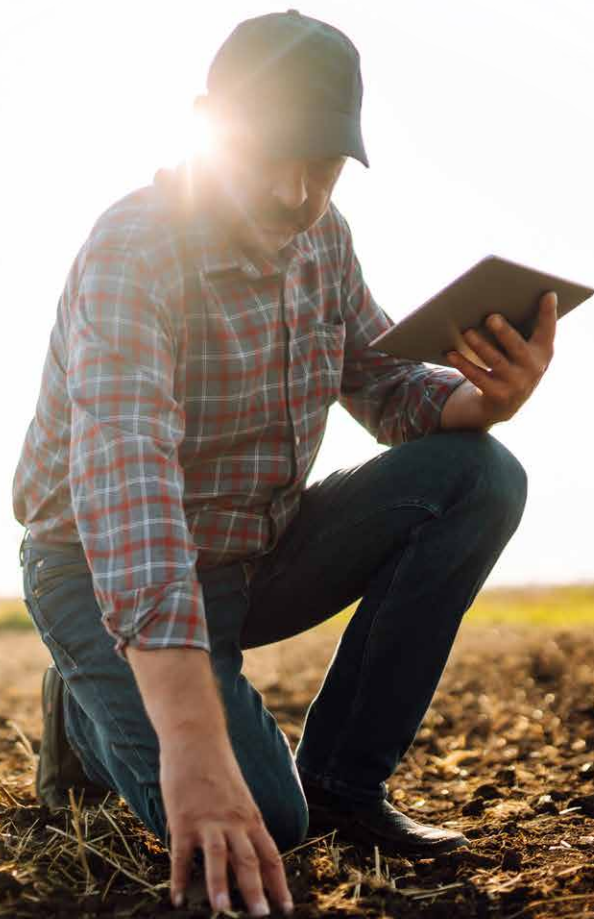

**Payment Date:** May 31, 2024

**Increase your regenerative ag practice revenue with these opportunities.**
