Enroll Now

Follow these steps:

- 1 Understand your program choices and the deadlines for each step.

COVER CROP

Enroll the maximum amount you are considering planting.

Payer	Compensation	Requirements
Funded by ADM and Partners	\$10/acre (program acreage is limited on a first come, first served basis)	Plant a cover crop. Previous cover crop practice allowed on field. Must have wheat or canola in rotation.

ISCC EMISSIONS SCORING

Payer	Compensation	Requirements
Funded by ADM and Partners	\$2.2/MT - \$3.1/MT delivered (program acreage is limited on a first come, first served basis)	Beat local benchmark for greenhouse gas emissions on field level basis. Sign a self-declaration document. Premium paid bi-annually on all bushels of canola delivered to Lloydminster, AB, Watson, SK, Carberry, MB, Windsor, ON ADM locations taking canola OR ADM FOB Truck buyer from Sept. 1, 2024-Aug. 31, 2025.

ADDITIONAL WHEAT PAYMENTS IN ALBERTA, SASKATCHEWAN, MANITOBA, AND ONTARIO

Payer	Compensation	Requirements
Funded by ADM and Partners	\$2/acre for No-Till or Strip-Till \$3/acre for Living Root	Only applicable on winter wheat fields planted in 2023 OR spring wheat planted in 2024. Only applicable on winter wheat fields planted in 2023 OR spring wheat planted in 2024. Have a living root established on field year round. Double cropped soybeans after wheat, harvested grain or forage crop following wheat.
Funded by ADM and Partners	Nitrogen Use Efficiency \$5/acre for less than or equal to 1.50 \$2/acre for between 1.51 and 1.70 No incentive for greater than 1.70	Only applicable on winter wheat fields planted in 2023 OR spring wheat planted in 2024. Stackable with all payments above. NUE scores are calculated on each field by dividing the number of lbs. of Nitrogen 'N' applied per acre by the number of bushels produced per acre (yield) for 2024 harvested wheat.
